It is just that I think it is extremely unfair that the Department will sit there and look at people who have a problem and nod and bob, and then when the opportunity is here to clarify it, simply walk away from it leaving them with the problem, and under those circumstances, I think it is the least we could do to fund it until such time as we can get those people to make up their mind. I, too, think it should be defined. Actually, right now, the statute is very clear in my mind. It says the wards of any court. It does not say of any Nebraska court and I think, statutorily, we are committed.

SENATOR F. LEWIS: Sometimes I worry about this bill when you and I both are in complete agreement and I certainly agree with the comment you made and I certainly agree that this issue ought to be resolved. But again I would ask that we move the bill on across today. We will have two days and I, personally, guarantee that I will do anything I can to work with you to resolve the situation and maybe working with Senator Stull and Senator Marvel on it. So I would hope at this time that maybe you could withdraw your amendment and then we would have another one for it when we get to Select File.

PRESIDENT: Senator Kelly. Senator Marvel.

SENATOR MARVEL: I was going to say that I would guarantee to Senator Murphy that we would investigate his problem. Is that what you indicated? Okay, I agree with Senator Lewis.

PRESIDENT: Senator Fowler.

SENATOR FOWLER: Why, I was wondering, I thought I heard Senator Murphy say he was going to withdraw his amendment. Is that correct, Senator Murphy?

SENATOR MURPHY: I would withhold it for the moment and offer it on Select File subject to Senator Lewis getting the necessary information and agreement but I do not want to withdraw the amendment per se, Senator. I will hold it until Select File, yes. Yes, if you like, I will ask unanimous consent to hold this motion until this bill arrives on Select File?

PRESIDENT: Is there an objection? Seeing none, it is so ordered. Do we have another amendment, Mr. Clerk?

CLERK: None.

PRESIDENT: Senator Lewis, make your motion, please.

SENATOR F. LEWIS: Mr. Chairman, I move that the bill be advanced to E & R Initial.

PRESIDENT: Thank you. You have heard the question. Record your vote. Have you voted? Record.

CLERK: 28 ayes, 0 nays, Mr. President, on motion to advance.
